

Bruder Hygienic Eyelid Cleansing Wipes with Tea Tree Oil

Bruder Hygienic Eyelid Cleansing Wipes with 1% Tea Tree Oil (TTO) feature 4-Terpineol, a TTO extract, which is well tolerated and supports relief from Demodex, Dry Eye, Blepharitis and Meibomian Gland Dysfunction (MGD) while also improving lid hygiene. The wipes gently exfoliate and remove excess oils and debris from eyelids and lashes. 30 Pre-Moistened Wipes per box.

When to Recommend

For moderate to severe ocular irritation. For Demodex Infestation: Tea tree oil has been shown to be effective against Demodex mites, a common cause of blepharitis. For blepharitis, inflammation and/or redness: Tea tree oil has anti-inflammatory and anti-microbial properties that can help reduce redness and swelling.
